

**تعاقدات داخلية لعدد 27 مشروع بحثي مقسمة طبقا للبرامج الأساسية لخطة المعهد البحثية**

السنة	العنوان	الباحث الرئيسي	رقم المشروع	البرنامج
2018	Pharmacodynamics of Synriam alone and in combination with a cytochrome P450 inhibitor (Ketoconazole) against juvenile and mature schistosomiasis in experimental animals".	أ.د./ عبدالناصر صبرة	ع116	بحوث العلاج
2018	Impact of short chain fatty acids production adjustment using gut microbiota alone or in combination with metformin on modulation of autophagy and insulin resistance in non-alcoholic fatty liver disease-induced rats".	أ.د./ سيد الدين سيف	ع117	
2018	Analgesic effects of Ultrasound guided paravertebral block versus transverse abdominis plane block in hepatic patients undergoing laparoscopic cholecystectomy	أ.د./ عبلة الحديدى	ع118	
2018	Effects of Desflurane exposure and laparotomy on genomic biomarkers and hepatic histopathology in an experimentally induced liver injury model	أ.د./ حنان فاروق	ع119	
2018	A prospective randomized study comparing the outcome of transarterial chemoembolization alone versus transarterial chemoembolization with simvastatin for treatment of hepatocellular carcinoma	د./ محمد حسنى	ع120	
2018	Platelet Rich Plasma (PRP) targeting morbidity in Trichinosis as adjuvant to treatment in experimental animals	أ.م.د./ رباب زلاط	ع121	
2018	Identifying the efficacy of simvastatin in combination with carvedalol in primary prophylaxis against variceal bleeding	د./ أحمد رشاد	ع122	
2018	Preliminary study of the prevalence of NAFLD/NASH in Egyptian patients with T2DM	أ.د./ جمال العطار	ع123	
2018	Potential modulating effects of the dipeptidyl peptidase-4 (DPP-4) inhibitors (gliptins) on liver fibrosis in NAFLD diabetic rats	أ.د./ نجلاء اللقانى	ع124	
2018	Potential effect of bone marrow-derived stem cells for treatment of experimentally induced ulcerative colitis in animal model	د./ شيماء عطية	ع125	
2018	Detection of occult hepatitis C virus infection in patients who achieved a sustained virologic response to direct-acting antiviral agents	أ.د./ معتز صبام	ع126	

السنة	العنوان	الباحث الرئيسي	رقم المشروع	البرنامج
2018	Can probiotics play a role in Helicobacter pylori eradication?	أ.د./ سامح فخرى	ع127	البحر العلمي
2018	Isolation and evaluation of <i>Syzygium romaticum</i> and <i>Olea europaea</i> leaves as anticancer and antiviral agents	أ.د./ إيمان الوكيل	ع128	
2018	" Evaluation of electrical cardiometry versus masimo radical 7 for goal directed fluid therapy in major abdominal surgery.	أ.د./ نبوية مصطفى	ع129	

السنة	العنوان	الباحث الرئيسي	رقم المشروع	البرنامج
2018	Ecological assessment of the present situation of organic pollution in fresh water irrigation and drainage networks harboring snails in Nile Delta with referring to bioremediation	أ.د./ احمد الهوارى	م102	تطوير البحوث العلمية
2018	Molluscicidal impact of extract of six Egyptian plants on biological, physiological and molecular aspects of Biomphalaria alexandrina snails as intermediate host of Schistosoma mansoni	د./ أمينة إبراهيم	م103	
2018	Water borne diseases risk associated with human activities in River Nile in the area of Greater Cairo with special emphasis on Schistosomiasis, Escherichia coli, Cryptosporidium and Giardia	أ.د./ هناء الخياط	م104	
2018	Importance of lipid profile of the Schistosome intermediate hosts in determination of their resistance or susceptibility	د./ سامية البرديسى	م105	
2018	Impact of climate change in Egypt (Upper, Middle and Lower Delta) on the biodiversity of aquatic ecosystem with emphasis on biological assessment and fresh water quality	أ.د./ ناهد إسماعيل	م106	

السنة	العنوان	الباحث الرئيسي	رقم المشروع	البرنامج
2018	Recombinant Production of two synthetic peptides using prokaryotic expression system	د./ هند عكاشة	ك28	تكنولوجيا العلوم المتقدمة
2018	Establishing a model of biobanking for HCV patients: A pilot study	أ.د./ منى زهيرى	ك29	
2018	Production of recombinant antibodies against Schistosomiasis mansoni using phage display technique	أ.د./ طارق دياب	ك30	
2018	Evaluation the role of mi -RNA 126, mi-RNA 615-5p & mi-RNA 182 in patients with hepatocellular carcinoma	أ.د./ نهال العسلى	ك31	
2018	Circulating cancer stem cells markers: Diagnostic tools in chronic/cirrhotic viral hepatitis patients	د./ مروة حسن	ش107	بحوث التشخيص
2018	Development of rapid home-made immunochromatographic test for diagnosis of Cryptosporidium parvum	أ.د./ محمد عبدالجيد	ش108	
2018	Effect of storage on microparticles in packed red blood cells transfusion units	أ.د./ نجوى الخفيف	ش109	
2018	Molecular detection of disinfectant and antiseptic resistance genes among clinical Staphylococcus aureus isolates	أ.د./ هالة بدوى	ش110
